REQUEST FOR INFORMATION (MINCONSULT)

REQUEST SECTION

RFI Number	LTSIP-RFI-MINCO-0561	Date	26/03/2023
Document/Drawing Reference:			
Specification Reference:	-		
Information Requested	Confirmation on scope of UFT at First Floor		

Referring to the above, we would like confirmation for FIDS equipment (Keypad, SM, CH) at Check in Counter area.

The purpose is to know that the UFT can accommodate the cable that to be laid by AIM. The total number of the cable for FIDS at check in area is many.

1. UFT (Under Floor Trunking) provided by others is inclusive of FIDS equipment's cabling stated above?
2. If inclusive, what is the trunking size?

Please advice, thank you.

(Note: AIM RFI 044)
